PRESENTATIONS

Dental Implants & Maintenance for the Dental Hygienist
This course is meant for the dental hygienist and staff to provide an insight into common dental
implant prosthetics, complication diagnosis and routine maintenance suggestions, which can help
lead to long-term success for our patients.

Erik F Sahl, DDS, MSD - Dr. Sahl is an Assistant Professor, Department of Periodontics, Loma
Linda University School of Dentistry. Dr. Sahl has won a number of prestigious awards and also
maintains a private practice.

The Perio-Systemic Health Connection: Where Are We Today?
This lecture will provide a current overview of links between inflammatory periodontal diseases
and commonly encountered systemic conditions, such as diabetes, cardiovascular diseases and
pregnancy outcomes.

Brian L Mealey, DDS, MS - Dr. Mealey a Professor and Graduate Program Director in the
Department of Periodontics at the University of Texas Health Science Center. Dr. Mealey is a
Director of the American Board of Periodontology and also maintains an active
clinical practice in periodontics and implant dentistry.

Periodontal Microsurgery and Endoscopy: Seeing is Believing!
Minimally invasive treatments about in medicine and dentistry. We now have hygienists provide
non-surgical treatments using micro ultrasonic instrumentation, visualizing with the periodontal
endoscope. Discover a world that has moved dentists, hygienists and periodontists to another level
with technologies that enhance your “vision”.

John Y Kwan, DDS, BS - Dr. Kwan is an Associate Clinical Professor at UCSF School of Dentistry.
Dr. Kwan has been published in national and international peer-reviewed journals and textbooks.
Dr. Kwan maintains a private practice, which includes clinical research and education. Dr. Kwan is
President and CEO of Perioscopy, Incorporated.

Course Moderator

Dee C Nishimine, DDS - President, California Society of Periodontists
